

Health Benefits

Together, we are working toward a **healthier community.**

2025 WELLNESS PROGRAM ACTIVITIES

The Wellness Program has several important benefits. First, it helps you and your enrolled spouse or domestic partner work with your medical providers to get and/or stay healthy. Second, it saves you money on your healthcare copayment(s). Third, it may help the State manage costs in the long term by directing our healthcare dollars to prevention.

Voluntary participation required for intended results!

You Save Money by Participating!

Employees, non-Medicare eligible retirees and spouses or domestic partners who are enrolled in a medical plan are eligible to participate. When you and your enrolled spouse or domestic partner complete a health survey and confirm your PCP in 2025, all PCP visits are free from your completion date through 12/31/2026. You could also earn a reduction of up to \$10 for specialist copays until the end of the 2026 calendar year by getting one or more of the screenings listed on page 2 plus a vision screening.

Note: Kaiser Permanente rewards do not include reduced specialist copays.

What if I don't want to participate in the Wellness Program?

The Healthy Activities are entirely voluntary and free to you. Should you choose not to participate, copayments will be applied by physicians at the time services are rendered. See the Schedule of Benefits for your medical plan details.

Take Advantage of these additional Wellness Benefits

- Reimbursement of weight loss program membership fee of up to \$150 per calendar year. Note: This is not available to Kaiser Permanente members.
- No-cost **Wellness Coaching** available under all medical plans to help you reach health goals.
- No-cost Weight Management, Tobacco Cessation, Financial Wellbeing and Emotional Wellbeing Programs.

Get Started and Start Saving!

All employees, non-Medicare eligible retirees, non-Medicare eligible spouses and domestic partners need to create their own individual online account the first time they visit their medical plan's website. **If you have already created an account, you do not need to set up a new account.**

To Create a New Account and Next Steps– CareFirst Enrollees

1. To get started, visit <https://www.carefirst.com/statemd> and follow the instructions to set up *MyAccount*.
2. Once your account is set up, click Explore Now in the wellness program pop-up message. You'll need to enter your CareFirst MyAccount user name and password and complete the one-time registration with CareFirst Wellbeing.
3. Access your Wellness Program from the web or download the CareFirst Wellbeing app. If you require assistance with the wellness program or completing any activity, call CareFirst Wellbeing at 877-260-3253.

To Create a New Account and Next Steps– Kaiser Permanente Enrollees

1. To get started, visit, <https://myhealth.kp.org/maryland/> and click "member sign on" at the top right of the page to create a kp.org account.
2. Return to <https://myhealth.kp.org/maryland/> and click on "Healthy Extras" then "Wellness Program" at the top of the page. There you will find the information needed to participate in the wellness program.
3. Click "Start with [kp.org/engage](https://myhealth.kp.org/engage/)" in the blue box on the right side of the page to log in with your [kp.org](https://myhealth.kp.org/) account info and sign the HIPAA Wellness Agreement to participate. This step is required in order to earn rewards.

To Create a New Account and Next Steps– United Healthcare Enrollees

1. Log in to myuhc.com and proceed to the "My Account" tab. Once there, select "Rewards" to register for the RALLY ENGAGE platform.
2. There you will enter your HealthSafe ID and choose an avatar and username.
3. Complete the Rally Health Survey.
4. Confirm that you have a PCP to complete the activities for the \$0 PCP copay.

Find Out More About What Our Wellness Program Offers!

Go to the Employee Benefits Wellness website at <https://dbm.maryland.gov/benefits/> and click on the Wellness tab to access monthly health promotion topics, a webinar library, and many more wellness resources. Complete one of the recommended screenings to receive a \$5 reduction in specialists copays*. Complete an annual eye exam for a \$5 reduction in specialists copays. Complete both for maximum reduction of \$10.
